Dear KISS clients and families,

As KISS has grown over the past few years, that has sometimes meant the members of our leadership team have not been as directly involved in the routine aspects of cases. That isn't a bad thing! Our support coordinators are great, and they definitely handle the routine things really well (we hope you agree!). And we're always involved behind the scenes.

However, we also want to make sure to let everyone know that we really are a team here, and we want you to know we're available - not just to help our support coordinators, but to you, too! We're happy to hear from you, help out however we can, or just get some feedback on how we're doing.

If you'd like to get to know us a little bit, please feel free to contact us, or read about our team at:

Thank you very much.

Sincerely,

Kerry Bacsik
